

Donor Challenge Issued by
AngelTech.US LLC
San Jose, California
April 24, 2007 to May 23, 2007

As you are aware, VSO usually conducts one fund drive each year. However, this is the second group that came to us with an unusual offer because they believe we are making a difference. If for some reason, you could not participate in our annual fund raiser or if you think this is an opportunity to make a second donation, see why AngelTech.US LLC makes the offer described below.

AngelTech.US, announced a challenge today to the supporters of the Friends of Vinh Son Orphanage in Kontum, Vietnam or anyone else wanting to help the poor and less fortunate. "We will match all donations to VSO up to \$2,000 during the month of May 2007", the founder of AngelTech.US said from his place of business in San Jose, California. "VSO continues to make a huge difference in the lives of these Montagnard children in the Central Highland of Vietnam".

The founder knows about the difficult life of children in Vietnam. Born there just prior to the fall of the South Vietnamese Government, he and his family feel very fortunate to have immigrated to the United States in the early 90's through a government program called Humane Operation. They were given a second chance to live freely and better; and have not forgotten the time when they were poor. Thus he formed AngelTech.US with the mission to help the poor around the world (not only in Vietnam) using his computer support profession that he learned in the US.

"This couldn't have come at a better time" said Dave Chaix, President of VSO. "We just received a request from one of the newest orphanages VS 3, home for 40 orphans. They need blankets, mats, mosquito nets, and pillows along with the completion of their kitchen and toilet and shower facilities. This will go a long way in funding these projects that will improve the health and hygiene at VS 3".

Donations may be sent to:

Friends of Vinh Son
P.O. Box 9322
Auburn, CA 95604-9322

Or on line at:

www.friendsofvso.org

AngelTech.US is a long time supporter of the children in Kontum as well as others in need. They have a unique business plan that shares their profit with those that are less fortunate.

ABOUT AngelTech.US LLC

To AngelTech.US LLC, when you have a computer problem, you also have a chance to help the poor by using our professional computer support services.

We are a group of technical professionals located in Silicon Valley, California. Not only do we use our technical skills and knowledge to solve your computer problems, but more importantly we also donate 50% of our after-tax service fees to the poor that you designate to help.

Mission

Our mission is simple. We professionally solve your computer problems and donate 50% of our after-tax service fees that we earn from you during our Standard service hours to the poor that you choose to help.

Where We Serve

We locate in San Jose and serve primarily the Silicon Valley Area (San Jose, Campbell, Milpitas, Fremont, Santa Clara, and other surrounding cities). However, we help customers as far as San Francisco, Dixon and Merced cities and even in different states like Florida and Illinois. Readily available technologies allow us to remotely help customers without physically being there, so even if you live far away from us but like our company mission and need professional computer support services, please contact us.
