Message from Dave Chaix, FVSO President

It has been another good year for the children and Sisters at Vinh Son and Sao Mai Orphanages – thanks to you, our generous donors and the other organizations from around the USA and the world that partner with us. Without our wonderful partners, many of our yearly goals would not be met.

This certainly doesn't mean our work is finished. There is always so much more to do, but the supporters and travelers who visit the orphanages on a regular basis always observe steady progress.

As you can see in the numbers, we have a surplus this year, and while we decide what to do with the funds, we are working on a long term vision for an Endowment or Legacy Fund. There will be more about this in future newsletters.

Again, **THANK YOU** for your continued support of these wonderful children.

Dave

Financial Overview

Another year of surpassing expectations: our donation target of **\$125,000** was exceeded by 26% with a total of **\$158,026**. Donations were received all year long, but our Fundraising period (Aug-Dec) was a huge success, contributing \$79,055 or 64% of the annual target. Everyone at FVSO is humbled by the generosity and trust of our supporters. We're ready for the challenges of 2015!

In 2014, Basic Needs expenditures were \$75,300, which was \$5,100 over budget. This overspending was the result of the on-site distribution of funds in April, which was anticipated. We also spent \$30,926 of the \$65,775 allocated for Special Projects (see page 2 for complete list).

The combined budget for the year was \$135,975 (Basic Needs plus adjusted Special Projects). Distributions totaled \$106,226, leaving a balance of \$29,749 for a 2015 carryover.

Our partnerships with other organizations have helped us remain well in the black and prepared for the future. We were also fortunate that no urgent situations came along such as storm damage, major illness, equipment breakdown and repair, etc. All Special Projects require Board approval.

Special Projects listed by quarter

As outlined in the Position Paper on funding distributions, a limit of \$55,600 in total project funds is allocated for a given year. The rationale is that we cannot spend indiscriminately because such spending would deplete reserves. Usage of the allocated funds is, in general, restricted to primary education, college tuition, water filter maintenance, major tractor repairs, equipment purchases, dental projects, major medical expenses, cell phone data fees, and similar projects. Funds designated as Project-Specific (donor directed) are added to the quarterly allocation, which resulted in an adjusted budget of \$65,775 for the year.

1st Quarter Projects

Pharmacy School (\$800) funded by Blanchfield & Ferretti

EMW Foundation (\$8,000) funded by Christensen, Lee, Relihan

Diapers to Dormitory

FVSO spends \$3,000 a year on diapers for the little ones at Vinh Son 1 and \$420 annually for the Sao Mai orphanage. Little things can sure make a huge difference in their lives. Happy endings!

“It would be great if FSVO can give some support on this – another combined effort. When I saw the 30 little kids sleeping in this dorm, complete with leaking roof and very little ventilation, I had to try to do something.”

This message from Derek Smith (ASK) alerted us to an opportunity at VS-4 to do something really impactful: build a new dormitory (cost \$11,840). Derek’s group will fund half, while two FVSO donors (Joanne Glah and Steve Holley) have committed \$4,240; the \$1,600 balance will be funded by the Vietnam Veterans of America Chapter 535, Nevada County, CA. This has been a collaborative effort for sure!

Work began on January 17, and the project should be completed in 3 to 4 weeks. Pictures will follow.

The Vinh Son 4 project will change their lives!
