## Sister Martha's report of the 1<sup>st</sup> Day of School

### Starting the New School Year 2018-2019

After the children of the 6 Vinh Son Orphanages are saying goodbye to the summer vacation, they are also starting a new school year and participating in a very special first school day (September 5<sup>th</sup>) with their dear teachers and classmates.

Coming to the celebration consists of the president or the vice president of the ward Peoples Committee or of the commune Peoples Committee, the headmaster of the school, the teachers and staff. Besides, there are all the students of the classes and also their parents coming to the celebration.

For every new school year, most of the schools were extremely happy to welcome many newcomers of the kindergarten, of grade one of the primary schools, of grade 6 of the junior high school, of grade 10 of the senior high school, and other grades as well. All the children were so happy and excited when they were welcomed by songs and dances.

## The beginning of a new school year is a time-honored tradition in Vietnam, a celebration of learning

First of all, the ceremony to welcome new students was occurred very solemnly. The students arranged in rows into the celebration and each student's hand held small red flags with yellow stars waving according to applauds of teachers, the older grades, the parents. When the classes of the new students were settled, it was time of salutation the national flag had been expressed. All the students stood as well as the teachers, the parents, and all people seriously. The eyes upward the banners which were flying away freedom in the wind and after one minute, the Vietnamese national anthem was sung by all honors and enthusiasms.

Next, the headmaster of schools read the letter of the President of the Vietnamese State which was given for all students in Vietnam. After that, the headmasters of the schools beat three rolls of drums to signal the new school year (2018-2019), and then, the teacher (and subheads of schools) announced a special meaning expression. They congratulated the students who had finished their last school year very well.

Goals were made and hoped that all the teachers and students of school will try their best in teaching and studying this new school year. All of the people were hoping that everything will be achieved the best results in this school year.

For the ethnic minority orphaned students of the 6 Vinh Son orphanages in Kontum Province, they always considered the celebration of their new school year as a Great Festival because they have: new good uniforms of school, enough school bags, school things, new text books and notebooks, school fees, medicine when they are sick, health treatments and daily food from FVSO's help. FVSO's supports us, along with help from Ms. Diny's Netherlands Association. All of the orphans always engrave in their minds their donors who have helped them to continue to go to school every day as their class mates do.

They always say to themselves, they will try their best to work hard and harder at school so that they can pay back their gratitude for their FVSO donors and all of them hope that they will have a good job for themselves, for their families, for their society in the future and their lives will be improved. **They wish all the happiness of their lives will come true.**

### Just in time for the school year!

FVSO recently replaced 9 non-functioning computers for Vinh Son 3. The new computers will greatly enhance the student's educational opportunities. The cost was \$350 each or \$3,150 for the total package. "Once again, thanks to our donors for helping us." **The children will remember you in their prayers.**

## Words of Wisdom

So long as we love we serve;  
So long as we are loved by others,  
I would almost say that we are indispensable;  
And no man is useless while he has a friend.

-- Robert Louis Stevenson
