

Hello, Uncle Clyde and my dear Nga.

I am Y Khuyet, I have received the money in December, I would like to thank Uncle Clyde, Ms. Nga and everyone in the Association very much, I also apologize for the delay in writing because my Gmail account was a little buggy and I had a fever, I could not write sooner, I hope you will sympathize for me.

Here I tell Uncle and Aunt about my activities in the past. I am currently in Vinh Son 4, in the shelters also have activities such as exchanging with the Vinh Son Christmas party on December 22, 2019, we also practiced dancing and performing in the church on Christmas Eve, Christmas is merry and warm. On weekends, I also help cook for the children, watch the children in the house and study. Ladies and Gentlemen also suggest that before going to bed, we will go out to the cave of Christmas to pray together, thank God for the peaceful life you have given us, we feel happy for this. That is a good and sacred idea.

As for my studies, now there are new subjects and the schedule is quite busier than before, I find it a bit difficult to have to memorize medicine names and classify drug classes, because in Latin, It's a bit hard to remember, but I will try, but I will definitely overcome this difficulty. In the past few days, our class has organized a small activity. Each class member contributed a few notebooks, pens, clothes to the orphans, less fortunate than us, we also participated in the school activities. The organization is a competition to learn about the law of Vietnam, and I can take part in activities which are not great but I am very happy. After Tet, I will enter the first term exam, I also ask Uncle and Auntie to pray for me to be well tested.

Finally, I would like to wish Uncle Clyde, Ms. Nga and everyone in the Association good health, joy, and happiness. The old year has passed and the new year has come, I wish you all good health, full of the grace of the Spring Lord, good luck in life and at work. May God bless and accompany us all the way.

Thank you very much!
